Precise Glass Fencing is a company based on 15 years experience in the Fencing Industry in the United Kingdom, Eastern States of Australia and now Perth, Western Australia. We pride ourselves on precise measurements, high quality finishes and stand by our work with a **5 year workmanship guarantee on all installations.**

As a family run business we offer **fair and honest pricing** and can provide installation advice, help with council approval, nanocote glass protection and much more. At Precise Glass Fencing you deal directly with the person who quotes, designs and installs your fence.

All of our work is **compliant with Australian rules and regulations** and our 10mm and 12mm toughened glass is made specifically to last in **Australian conditions**. Along with high quality glass we only use duplex 2205 stainless steel, 316 marine grade stainless steel and high quality aluminium posts to ensure your fence is installed to the **highest standard**.
