Special Needs Children

We love to create our special parties for all children who love The Fairies. If your child or their guests have special needs, please tell us in advance so we can make their party extra special. The Fairies are not restricted, however if your child or their guests has severe food allergies, we can provide empty Fairy Treat Boxes for you to fill with appropriate party food that they can enjoy.

If you feel we may need additional helpers to make your special needs guests have a fun---fairy---tastic time, we will happily work with you to ensure the party is practically perfect in every way!

Parents' Room

The creators of The Fairies have children too, and know how much parents love to watch their children having fun at parties. We also know that parents of young children like to stay close by in case their child needs a reassuring hug. With our Parents' Rooms, you can stay and enjoy a latte and a chat with other parents, while watching the party live on the television screen. Parents are more than welcome to go in and out of cupcake cubby and fairyland to take photos etc.

Birthday Cake

Parents just love to supply their own special birthday cakes, and the cakes are not included in the party, (No Ice cream cakes are permitted) however we have a fairy special "Happy Birthday" song and cake---cutting ceremony in our parties. If you're just not that good at cake decorating, try one of our edible icing image cakes with The Fairies pictured – a bit of pink icing and a sprinkle of hundreds and thousands and your cake will look fan---fairy---tastic!

How Long Is It?

Fairy Dancing Parties all run for 1½ hours. Just long enough to have plenty of singing and dancing, games and activities, food and the special birthday cake, but not so long that children get over---excited or over--- tired.
