-  **Rehabilitation**
-  **Fitness & conditioning**
-  **Fun swims**

Dogs don't have to have a medical condition to swim. It is a wonderful cross training non stress exercise to condition, tone and build stamina as well as the dog has lots of fun doing it! We have all kinds of water toys for your dogs enjoyment.

K9 SWiM is a unique Canine Hydrotherapy Centre designed for dogs to swim in a heated 14mx 3m pool and is run by a Qualified Veterinary Nurse/ Animal Muscle therapist. This pool has an easy access ramp and all dogs will be fitted with buoyancy jackets. Keeping your dog in peak physical condition is the key to health and long-term well being - just as it is for humans. Swimming has wonderful rehabilitating effects. It's a perfect aid for dogs recovering from surgery or an injury. It helps strengthen muscles and improves overall fitness and keeps your dog in shape.
