Adept Fire is an Australian owned and operated fire protection company specialising in the design, installation, inspection, testing and maintenance of fire systems and equipment. Our qualified technicians provide an unparalleled service in ensuring the safeguard of our customers and their assets.

Our expertise include:

- Fire Detection & EWIS
- Smoke Alarms (AS3786)
- Extinguishers & Fire Blankets
- Fire Doors & Fire Seals/stopping
- Hose Reels & Hydrants
- Emergency & Exit Lights
- Sprinkler & Drencher Systems
- VESDA
- Fire pump sets
- Kitchen suppression

Our combination of exceptional people and processes ensure that all our works are carried out to Australian Standards and allow our clients to achieve and maintain compliance. In conjunction with our inspection, testing and maintenance service, we carry out the assessment, report and upgrade or rectification where necessary of essential fire safety measures and prepare the Annual Fire Safety Statement (AFSS) to comply with the Environmental Planning & Assessment Regulation 2000 Part 9 and local council requirements.
