

Amy and Sue opened Amy's Beachside Café in January 2011. Our café provides the Camden Haven area with a friendly and relaxed meeting place to enjoy a coffee while watching the dolphins surf the waves, to relax with a drink and a good book, or to bring visiting family and friends for coffee and cake, an ice-cream or light meal.

This take-away menu is our next step in providing an even better service for the residents and visitors to the beautiful Camden Haven area!
