

Home Base-Interior Design Course

ABOUT HOME BASE

Is there any bigger dream than creating your dream home? The process can be both exciting and daunting, in equal measures. Luckily, [Home Base](#) is here to help. We're the largest building, renovating, decorating and landscaping centre in Australia. With three levels of permanent displays plus a range of specialist courses, we inspire, educate and collaborate to help your dream home become a reality.

Whether you are looking to create the perfect kitchen — ready for whipping up culinary masterpieces for the family, or you would like to learn more about the various options for construction that will benefit the environment, Home Base's specially tailored short courses will give you the knowledge and confidence to complete your next project.

Our range of building and design related short courses will help you imagine the possibilities, give you the confidence to bring the dream to life, inspire you with the latest ideas and give you all of the expert knowledge needed to create your perfect home.
