

Buy G-Switch Budget

\$1200 + GST*

Designed for its simple, set-and-forget operation, the G-Switch Budget has all the key features of the G-Switch range.

Suitable for units, townhouses and family homes, the G-Switch Budget is a functional unit, ideal for the modern lifestyle.

Inclusions

- Automatic ambient light response which means lights are only on when needed.
- Goodnight Auto. A pre-programmed automatic switching off all standby power for when you need it least.
- Goodnight Manual. Switching off all standby power with a convenient bedside switch.
- Goodbye. Turns of all standby and non-essential power when you leave.
- Time-delay option to ensure plenty of time for a safe exit of the premises before lights switch off.

Of course, there is manual control of lighting and standby power. This over-ride is ideal for occasions where flexibility is needed.

Options

- Security interface
- Remote sensor with Welcome Home

Price

\$1200 + GST. * Installation not included

Buy G-Switch Premium

\$1500 + GST*

The G-Switch Premium is the perfect solution for busy households. Including all of the features of the G-Switch Budget, the G-Switch Premium offers greater flexibility and enhanced automation.

Inclusions

- Automatic ambient light response which means lights are only on when needed.
- Goodnight Auto. A pre-programmed automatic switching off all standby power for when you need it least.
- Goodnight Manual. Switching off all standby power with a convenient bedside switch.
- Goodbye. Turns of all standby and non-essential power when you leave.
- Time-delay option to ensure plenty of time for a safe exit of the premises before lights switch off.
- Holiday mode. With all non-essential and standby power switched off, lighting options create the appearance of household activity.
- Goodbye with appliance delay. With a 2 hour delay, any standby appliances will have plenty of time for any appliance to have completed its cycle.
- Easy security systems interface

As with all models, the G-Switch Premium keeps the ultimate decisions of power use in your hands with a manual control over-ride option.

Options

- Solar hot water boost
- Utilities control
- Remote sensor with Welcome Home

Price

\$1500 + GST. * Installation not included

Buy G-Switch Platinum

\$1800 + GST*

Designed to meet the needs of the most discerning of households, the G-Switch Platinum brings an outstanding range of features into any home. Building on the features of the G-Switch Premium, the G-Switch Platinum ensures peace of mind and enhanced convenience.

Inclusions

- Automatic ambient light response which means lights are only on when needed.
- Goodnight Auto. A pre-programmed automatic switching off all standby power for when you need it least.
- Goodnight Manual. Switching off all standby power with a convenient bedside switch.
- Goodbye. Turns of all standby and non-essential power when you leave.
- Time-delay option to ensure plenty of time for a safe exit of the premises before lights switch off.
- Holiday mode. With all non-essential and standby power switched off, lighting options create the appearance of household activity.
- Goodbye with appliance delay. With a 2 hour delay, any standby appliances will have plenty of time for any appliance to have completed its cycle.
- Easy security systems interface
- Utilities Control offers a new level of safety by switching off the water when you leave the premises. Never again will you have to worry about flood and damage from burst appliance hoses.
- Solar Hot Water Boost brings the control of your solar hot water system to one central point. When you need extra hot water, the boost switch gives you a rapid hot water supply. As required by legislation, the G-Switch takes control, regularly boosting the hot water to prescribed temperatures to kill bacteria.

As always, the manual control over-ride lets you adjust the system to suit your lifestyle.

Options

- Remote sensor with Welcome Home
