

Scents

Simbae's scents are a concoction of made and essential oils, each individual note is a blend of nature's science and beauty, just one whiff these scents will soothe, please and transport you and your best friend to places where flowers burst into bloom, fruits are freshly plucked and greeneries flourish in the countryside.

It is important that any scent in a pet product, it should not be too strong, as pets have a heightened senses of smell for which they could feel overwhelmed. This is something Simbae has considered already during our R&D and have ensured the perfect balance.

Country Grove

Country Grove is a flowery aroma of Lavender, Geranium, Neroli and Green Leaves blended with Lemon, Apple and Mango, built on warm notes of Patchouli and Sandalwood. A refreshing floral concoction that is cosy and comfortable.

Lemon Orchard

Lemon Orchard has refreshing qualities of Eucalyptus, Lemon, and Lime gilded with Rose and Apple scents on Amber and Mimosa notes. An invigorating scent that is cheerful, frisky and spirited.

Spring Garden

Spring Garden is an intermingling of floral aromas Lavender, Jasmine, Lily of the Valley and Violets - balanced with Milk and Musk. This collection of fragrant blossoms is the embodiment of love, care and generosity.

Our pet-friendly scents are available for all products!

Why Choose Us?

we promise to spoil your pets!

Simbae is a range of pet care products that is bound to be a favourite of pets and their owners alike. Any pet lover would understand that these animals are not just four-legged companions but an important part of the family. Their love for us is unconditional – always happy to see us, always in the mood to play and constantly by our side to comfort us.
