Great reasons to choose Accountants Australia

1. Superior service levels

Accountants are good with numbers, but that doesn't mean their clients should be treated just like one! Here at Accountants Australia we believe in providing **EVERY** client with a high level of service.

Our friendly, knowledgeable staff view their relationship with you and your business as long term. In fact, many of our clients see us as part of their team. We get to know your business inside out, so we really do understand what you need to make it succeed. And your success is our success.

2. A one-stop shop

To help you build a better business, we provide a range of different services. This comprehensive approach means that we always see the bigger picture. (And life's easier if you can get all the advice your business needs from the one place!)

Services include:

- Tax Returns & Advice
- Business Plans
- Self Managed Super Funds
- Management Consulting
- Bookkeeping & BAS
- Financial Planning
- Finance Brokering

3. Peace of mind

Time is precious for all businesses, but particularly for small to medium sized ones. More often than not owners and employees are juggling a number of roles and day-to-day tasks. The last thing you want to have to worry about is the business' financial health.

With Accountants Australia, you can rest assured that your **tax, accounting, financial and business needs will be taken care of PROPERLY and in a timely manner.**

4. Costs agreed upfront

Concerned about consultancy fees mounting up? Don't be! We want you to be able to contact us any time with questions or queries without having to worry about being billed for every minute of our time. Accountants Australia provides clients with **fixed price arrangements**, allowing you to plan your business expenses in advance.

“Accountants Australia are a true business partner and consultant for my business. I highly value being able to get accurate advice quickly, and more importantly, knowing that I can trust it.”
