## OUR STORY...

For many years, Jeannette has run the Dog Whisperer, a popular boutique accommodation service for dogs in the beautiful green belt of the Byron Shire. She lives in the Shire with her beloved Siberian husky-German Shepherd cross, Benny, who is a very healthy, happy 14 year old.

Jeannette has always been interested in nutrition and alternative medicines for herself and has always fed Benny a healthy diet of fresh, natural food. She began to explore her own recipe of doggie treats as a way to add nutritional supplements to Benny's diet. After much experimenting, she has now perfected her recipe of handmade doggie treats.

"It has been a great adventure, spending months testing and trialling different methods to get the treats just right," says Jeannette. "Of course watching how much the dogs absolutely love them is the best part!" Now Jeannette is keen to share her handmade organic doggie treats with other dog-lovers in Australia.

### DR MATT ALLWORTH SAYS...

BSc (Vet) Hons, BVSc Hons

"Many of my patients enjoy the reward and health benefits of Byron Bay Doggie Treats.

They are made from 100% pure, nutritious whole meat or liver, are organic, have no residues, no junk, and are never declined. Jeannette's own dog, Benny, is 14 years, still going strong, and living testament to their value."

MEMBER OF AND SUPPORTS :

PETA: PEOPLE FOR THE ETHICAL TREATMENT OF ANIMALS

....Jeannette wants to make sure that pet owners can now source a healthy, organic nutritional pet treat that promotes longevity and optimum health which therefore adds quality of life and brings joy to both pet owners and their loving four-legged friends.

Handmade Organic As Nature Intended...
