**Snap. Create. Design. Dance. Love.**

## **We capture and design love stories**

Spinning Still is creative team Michelle (photographer) and Jen (Graphic Designer). We are two like-minded and committed creatives with a passion for making people happy.

Since 2006, Michelle has captured over 150 weddings throughout New South Wales, Queensland and Victoria. Specialising in weddings, we honestly capture events as they unfold and marry them to create a detailed and memorable story of your special day. We are huge fans of classic black and white photography and beautiful typography. Our superior quality albums, print and web designs are timeless and carefully composed.

If you are after an in-depth, sincere and uncut record of your day captured in true reportage style, or are interested in our design services, we would love to hear from you.

## GRAPHIC DESIGN

Our graphic design services cover engagement party invitations, save the date, wedding invitations, RSVP cards, signage, order of service, menus, place cards, room drops, thank you cards and much more. We love to use our photography and/or beautifully crafted typography to tailor stationery to each couple, reflecting individual personalities and themes or style of your day.

We have lots of fun custom making all of our designs and love it when we can use a photo from an engagement shoot or a couple's wedding day to create unique and personalised stationery. When it comes to designing wedding stationery, we can design and produce whatever you desire or imagine. Or, if you're not that into creative stuff, we can create something beautiful using our design templates and preferred suppliers.

We use a number of suppliers depending on your budget and wishes. We are also happy to liaise with your wedding coordinator or venue to cater for your needs.
