I specialise in programmes for Allergy, ADD, ADHD, Autism, Asthma, GUT disorders, Weight management, and optimizing feelings of energy and blood sugar balance.

I really take the time to get to the root of your health problem instead of just treating your symptoms.

• **Nutritional therapy** takes into account biochemical individuality; we are all unique and the programmes are tailor-made in order to help you achieve your goals.

• **Homeopathy** is a form of holistic medicine in which treatment is tailored to the individual. The theory behind this form of medicine is that "like cures like".

• **Natural medicine** is a complete alternative care system that uses a wide range of approaches such as nutrition, herbs, iridology, manipulation of the body, stress reduction.

• Bioresonance is a special diagnostic and therapy procedure which has paved the way for a whole new approach to medicine.

• Bioresonance Therapy is a non-invasive, gentle therapy making it suitable for children and babies and even sensitive patients.

• Almost any condition will benefit from bio-resonance therapy. With bio-resonance therapy, we can deal with the real underlying causes of chronic and degenerative diseases.

• For appointment times or questions please contact via email, sms or telephone.

• The first consultation is about one hour, with follow ups at 30 minutes.

First consultation cost is \$120.00

Follow up cost is \$60.00
