Australia's leading privately owned  
integrated manufacturers of  
large steel structures and  
associated metal products

# NEPEAN™

NEPEAN Building & Infrastructure is a division of NEPEAN, Australia's largest privately owned engineering, mining services and industrial manufacturing organisation. With over 40 years of experience, and a staff of over 1200 employees, NEPEAN has unique capabilities to deliver high value, innovative and sustainable solutions for the world's leading mining, construction and transport companies.

## NEPEAN Building & Infrastructure

NEPEAN Building & Infrastructure was originally founded as the Graham Group in 1955 in Yagoona, NSW – the site of our present headquarters.

The Company has evolved into an established organisation with manufacturing and galvanising facilities as well as sales branches across Australia, employing over 300 people across 5 national locations.

Today, NEPEAN Building & Infrastructure is considered one of Australia's largest fully-integrated manufacturers of large steel structures and associated metal products.

Our business is based on a strong portfolio of iconic brands such as:

- **Weldlok®**- Grating, Handrail, Drainage
- **Mastermesh®**- Perforated and Expanded
- **Galintel®**- Galvanised Steel Lintels
- **Galserv®**- Hot Dip Galvanising

The Division also includes a steel structures major projects arm, NEPEAN Structures.

NEPEAN Structures offers structural steel project management solutions including in-house fabrication and erection. Our most recent project is Mirvac's iconic 8 Chifley Square building in Sydney's CBD.

Innovation . Dedication . Specialisation
