SCREENGUARD® PRODUCT OPTIONS:

- Hinged Door
- Sliding Door
- Multi-fold Door
- Fixed window
- Fire Escape Window System
- Patio Enclosure

"ACCESS" FIRE ESCAPE WINDOW SYSTEM

ACCESS fire exit screens are integrated with the SCREENGUARD® system for quick and easy escape in case of a house fire or other emergency.

A simple and fast latching system enables you to only open from the inside.

SCREENGUARD® PRODUCT TESTING

Testing: SCREENGUARD® patented products have been tested and passed the latest rigid Australian Standards. Testing was carried out by an NATA registered independent laboratory.

METHOD OF TESTING

AS5039/5041: These tests are designed to stimulate an intense attack using force to gain entry through your security door or window.

- Dynamic Impact Test
- Anti-Jimmy Test
- Knife Shear Test
- Pull Test
- Probe Test

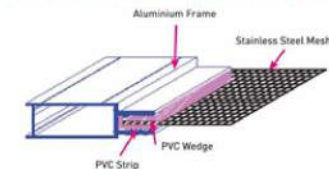

AS1530.4-2005: Australian Standards **bush fire tested** SCREENGUARD® screens have undergone testing to ensure quality performance under the duress of fire.

SCREENGUARD® bushfire rated screens use specifically developed fire retardant PVC seats and wedges. Stainless steel mesh complies with bushfire ember resistance regulations.

Bush fire testing

SCREENGUARD® DESIGN HELPING TO KEEP YOU SAFE

SCREENGUARD®'s patented 3 point internal rib design gives an additional resistance against mesh removal by an intruder.

SCREENGUARD® is designed for the Australian climate and is suitable for all windows and doors.

The SCREENGUARD® stainless steel mesh security system was designed to protect your view and it does just that.

SCREENGUARD® patented systems protect beautifully.

No longer do you need to look at ugly grills, bars or similar obstructions that spoil your view. Take advantage of woven stainless steel mesh protection and enjoy the finest in security screens.

WARRANTY

SCREENGUARD® product warranty is for 10 years from the date of product installation (conditions apply). This warranty is to the original purchaser providing always that the product care and maintenance recommendations along with the warranty conditions have been complied with during that period.

CARE & MAINTENANCE:

Your SCREENGUARD® Security System will require regular maintenance to remove contaminants caused by pollution, industry, salt and climatic conditions.

Regular maintenance with Screenguard “PowaWash” is required to comply with your Screenguard 10 years warranty.

Abrasive cleaners and harsh detergents are not recommended as these can scratch or damage the surface area.

**Refer to SCREENGUARD® Warranty Card for full details.*

SCREENGUARD® is constructed uniquely to your sizes by skilled fabricators.
