

A little about us...

Devine Serenity is a Beauty Salon, located in breezy Scarborough. Our desire is to create a serene environment within Devine Serenity walls, one that is free of friction and stress and focused instead on fluid calming energy.

I believe in the importance of building lasting relationships in this business through honesty, professionalism and passion for what I do.

The beauty industry can be a little pretentious, judgmental and superficial. I truly believe we all hold our beauty within, in every cell of our being, and my job is to help reflect that, so you can see it smile back at you in the mirror each day.

If you feel Devine Serenity is a perfect fit, we warmly welcome people who like to nurture their body internally and out. We believe in education and empowerment, learning is growing.

If the shoe doesn't fit, don't force it. Simply give this brochure to someone you feel would love our vibe and everything we are about. Our way of business is unique, but not everybody's cup of tea.

We offer personalised professional service (No "fries with that" here!) in a safe environment, with honesty, integrity and warmth. We provide hot and cold cafe beverages, and snacks for you to enjoy at your leisure, with your comfort always in our forethoughts.

We can cater for group and duet bookings, and our convenient late week night opening hours are what make us a full service salon.
