

SOLOMONS FLOORING

Professional In Home Consultation

1800 730 653

If you want the best value in Tweed Heads carpet, start with a free In Home Consultation with Gary Barr at Solomons Flooring & Carpet Tweed Heads by calling 1800 730 653. Their Tweed Heads carpet outlet has been providing quality carpet and hard flooring for the entire Gold Coast for nearly a decade. Gary has been in the carpet and flooring industry for his entire working life and he's a great source of information on the pros and cons of different carpet for different needs. If you have a question about the right carpet for your Tweed Heads or Gold Coast home, Gary and his wife Sue have the experience to help you make the right choice at the right price.

"Some people will come to us and ask for carpet that doesn't show footprints," says Sue. "Of course, we have a wide selection of Tweed Heads carpet that fits that request," she adds. Sue and Gary at Solomons Flooring & Carpet Tweed Heads provide a wealth of information for people looking for new flooring. "A big part of our job is to answer people's questions about the right flooring for them," says Gary. Their product knowledge is second to none.

Their expertise in getting the right carpet and flooring for Gold Coast and Tweed Heads residents and businesses ensures you get the best value for your particular needs. If you have a rental property your Tweed Heads carpet needs may be quite different compared to someone who is looking to install the right flooring in their Gold House dream home.

"When people are looking for timber floors," says Sue, "a lot of times they are looking for a particular colour. They might not realise that they're actually purchasing a species of timber, not a particular colour of floor." She goes on to add that whether someone is looking for Spotted Gum or Black Butt or one of the many other timber species each board will have a slightly different colouration and grain pattern.

Other times people are looking for the look of timber, but want the durability and reduced expense of a laminate floor. Solomons Flooring & Carpet Tweed Heads has a great selection and great value. They can give you the full story on this option. Other times people are looking for vinyl planking. Solomons Flooring & Carpet Tweed Heads has one of only 6 designer showrooms in Queensland for Karndean—one of the most respected names in vinyl planking. Be sure to call 1800 730 653 to explore these options.
