How Bankruptcy Busters can help you with debt advice, budgeting or insolvency solutions

WHY CHOOSE US?

Bankruptcy Busters Certified Practising Accountants can offer you independent advice to suit your needs and circumstances.

Our managing director has many years experience from working in senior roles in the government (Insolvency and Trustee Service Australia) and private registered trustee firms.

This knowledge and experience is now available to provide you with the right advice and service.

Because we know you are already struggling with your finances, our fees are affordable. By visiting you we do not have to pay for expensive office rental and we pass those savings on to you.

DEBT ADVICE

We all get bills and sometimes it is hard to find the money to pay them by the due date. We know how terrifying it can be to get harassing letters or phone calls from creditors and debt collectors demanding payment.

Bankruptcy Busters give you accurate advice and support, and even talk to your creditors (with your consent).

We will help you to get out of debt as quickly as possible so that you can get your life back to normal.

HOUSEHOLD BUDGETING

Bankruptcy Busters believe that you should be in charge of your own money. It is cheaper for you to be in control and in our experience this is the best way for you to get ahead. We will put together a budget for you and show you how to manage your money.

Only Bankruptcy Busters can show you different methods of budgeting to suit your circumstances. Our approach is to encourage you to save money rather than spend money so you can see your wealth build over time.

We make it easy for you to understand and we will support you to achieve your goals.

PERSONAL INSOLVENCY

If your financial situation is serious, you may need to enter into a formal arrangement with your creditors such as a Debt Agreement. Bankruptcy Busters can help you make the right decision on which is the best option for you.

We can also refer you to the best people to assist you in Adelaide if we are unable to offer the most appropriate option.

What if you have to go bankrupt?
Bankruptcy Busters can still help you while you are bankrupt so that you can get back on your feet sooner.
