

Queensland Building Compliance prides itself on assisting our customers with expert advice and guidance on building compliance issues however large or small. We help throughout the disputes management process by preparing and submitting claims against Queensland Building and Construction Home Warranty Insurance Scheme.

Our experienced team can help you with:

- Building Disputes
- Early Dispute Resolution
- Identifying defective workmanship
- Identifying non-compliant building work
- Building reports
- Expert witness

We assist Owners, Builders, Contractors and are experts in early dispute resolution to help avoid contractual disputes and costly rectification if the work is defective.

Queensland Building Compliance will assist in all preparation and submission of documents needed for a claim to be assessed under the Queensland Building and Construction Commission's current insurance policy.
