

To Whom it May Concern,

Introducing DDC, leaders in professional and economical property maintenance solutions and landscaping in South East Queensland.

Operating for over two years within both the private and commercial sectors, DDC strives to provide the highest quality service in the most timely manner using the latest equipment and qualified personnel. We aim to ensure that the high standards you expect are met first time, every time and on time.

Our vast range of services includes but is not limited to - landscape design, property maintenance, limited access earthworks, irrigation, site clean ups & rubbish removal. From the outside of your property to the inside, we ensure limited disruption to your business or lifestyle during any works undertaken.

DDC will provide the professional service and quality you require at a competitive price. To arrange a quote or an inspection contact:
