

## SPARKLING

We are committed to providing a stress-free and efficient service. We strive to beat all your expectations.

We care for clients throughout Perth and customise our services to suit your individual management needs.

## CLEANING

We are committed to providing the highest quality of cleaning available by exceeding the expectations of our clients.

We work with numerous real estate agents in Perth, Mandurah and Bunbury providing end of tenancy and regular cleaning services to managed properties.

*Clean your space, clear your mind ~*

## RELIABLE

We offer end of lease cleaning services in Perth, Mandurah and Bunbury. Open 7 Days with same day service.

Whether you are a real estate agent, office or organisation, we have a cleaning service to suit you. As a family owned Perth based cleaning company we pride ourselves on meeting our clients' expectations and satisfying all their cleaning needs at affordable prices.

## CONVENIENCE

Our clients, real estate agents and property managers, are very busy people with many challenges to deal with in their day-to-day business lives. Perth Vacate Cleaning aims to make their lives that bit easier by taking care of all their cleaning requirements

## SERVICES

### Pre-Sale cleaning

Designed to ensure the home is presented for sale in the very best condition. The cost of a pre-sale clean can yield enormous returns.

### Vacate (end of lease) cleaning

Includes items required to ensure the tenant receives their bond back. This is a detailed clean of all areas of the interior.

### Rental inspection cleaning

Busy tenants don't always have the time necessary to keep their rented property in tip top condition they or the PM would like. Our experienced cleaning team can ensure the property is of a high standard to pass the inspection.

### Carpet cleaning

It is a legal requirement that a vacating tenant is to have any carpet in the residence professionally steam cleaned and must provide a receipt as proof. We offer professional carpet steam cleaning in our services.
