

# Procorp Security Services

## Information Summary

Procorp Security was created from a solid bar, corporate/ black tie media events and venue background (Some of the more prolific names include Establishment, Ivy, Lumiere communications, Trademark, Piano, Low302 Spice Cellar and various product launches.) **We saw the need to revolutionise the security relationship with venue and function management, by providing guards and hosts from corporate background and experience, able to socialise, being transparent, thereby enhancing patron and customer experience.** The team comprise of fully qualified security personnel with corporate and specific venue type experience. We believe that patrons and their needs vary, so we also vary our team for the most suitable result, i.e. use of Hosting guards, Female guards etc

Our purpose and key to success is to provide a clear personalised service, tailoring to the needs of the event/venue, and to work as one team, with management to encourage patronage and provide venue protection

Procorp Security is a highly specialised boutique security company with large capabilities. With over eighteen years in corporate, venue and event security management, from multilevel venues to boutique wine bars and Hotels, we make it our goal, to get to know you and your patrons, and measure our success, by the achievements of your business. We strive to work as one team, thereby generating a friendly atmosphere for clients and your team.

I've outlined below, some of our services. If I can assist with any of your security or hosting needs, please contact me, as we are always keen to promote your business and our name.
