BOTSWANA KENYA LESOTHO MALAWI MOZAMBIQUE NAMIBIA SWAZILAND SOUTH AFRICA TANZANIA ZAMBIA ZIMBABWE

Revolutionary Safaris

The Fly in Safari Company is a tour operator based in South Africa. We offer luxury independent and guided small group tours, fly in safaris and adventures to the most pristine wilderness areas of Southern and East Africa, with a strong emphasis on wildlife, nature and adventure. We offer a personalized service and treat each client as an individual. With many years of experience in African travel, exploration, professional guiding, logistics and remote destination management, we have designed our own unique safari styles through which we offer specialized tours & safaris that are truly revolutionary! Our guides are fun, experienced and passionate safari professionals with an extensive knowledge of Africa.

Who We Are

The Fly in Safari Company was founded by twin sister and brother, Stefanie and Stephan Van Der Merwe, born and raised in South Africa. Both has travelled Africa and the world extensively and share a passion for travel, nature, wildlife and adventure, which ultimately lead to the birth of the Fly in Safari Company. Stefanie has 10 years professional experience in travel marketing and business and has travelled the world to promote tourism to Africa. Stefanie looks after the business relations and marketing of The Fly in Safari Company. Stephan has been professionally guiding tours and safaris through southern & east Africa since 2004 and specializes in 4x4 trails. Stephan looks after the operations of the Fly in Safari Company, designs the tours and itineraries and manages our team of highly skilled and professional safari guides.

Inspired by Africa

Inspired by Africa, The Fly in Safari Company was created with our desire to share our love, experiences and knowledge of Africa's most pristine safari destinations with everyone through our authentic safaris and tours. Many of Africa's most special destinations can only be reached by light aircraft or boat and it is these beautiful destinations that have inspired us to design our guided fly in safaris, or Discover Safaris, our signature safari style.

Our guided tours and safaris gives you the opportunity to discover awe inspiring landscapes, wildlife rich National Parks, remote wilderness areas and amazing natural wonders. Whether onboard a luxury Cessna, in a 4x4, tracking chimpanzees, climbing Mt. Kilimanjaro or enjoying the exhilaration of a canoeing expedition down the Zambezi River, the Fly in Safari Company has a safari or safari style that offers the experience you are after.

Why Travel With Us

we love africa

Everyone at The Fly in Safari Company loves Africa, its people & cultures, the wildlife, landscapes and many natural wonders; in fact, we love absolutely everything about this amazing continent and want to share its magic with you. We share our love, respect and extensive knowledge of Africa through our specially designed guided and independent tours, fly in safaris and adventures.

experts in travel

Everyone at the Fly in Safari Company has extensive travel experience of the destinations we offer. Our consultants can offer expert advice and information on the tours you are interested in.

service excellence

We have a reputation among our clients for our excellent and professional service. We believe in personalised service and look after each client as an individual.

client support

Once you have booked a tour with The Fly in Safari Company you can be rest assured. We offer a 24 hour client support service while on tour. While on one of our guided safaris then our guide will look after your needs with back up from our operations. While on one of our Independent Safaris then our trusty ground handlers will look after your needs with 24 hour back up from our operations office. All contact and emergency contact details are listed on your pre departure information.

experienced crew

Our experienced and professional crew will provide you with an informative and enjoyable safari experience. Passionate about what they do, they will share their experiences, knowledge and love for Africa with you. On our guided tours the guide looks after the needs of the group, organizes optional & included activities, looks after the daily logistics of the tour, and the general safety of the group.

value for money safaris

We offer excellent value for money tours and safaris. Once you book with us you can sit back and relax while we do the rest. We look after everything; you just have to show up. The most important activities are included to give you the ultimate experience of the areas you visit. Our tours include activities, most meals, guides, transport, expert info on places visited and 24 hour support from our operations while on safari. We understand that many people save long and hard to experience a once in a lifetime African safari, we want to make that experience one of the most memorable you will ever have.

responsible tourism

By following strict responsible tourism guidelines, our tours and safaris are bespoke with a positive influence and low impact on the wilderness areas and communities we visit. Taking full responsibility for the impact our tours have on the destinations we travel through, they are designed to support local communities and conservation efforts with the goal to create better places to live in and better places to visit. Our guides practice strict guidelines in regards to respect for local customs, traditions, nature and wildlife which are incorporated into the way our tours are conducted.

Safari Styles

Through our specially designed 'Safari Styles' we aim to offer truly revolutionary tours and safaris. Our Safari Styles are designed to cater for all walks of life, whether you want to fly in light aircraft somewhere remote and track wild chimpanzees, track desert elephants in 4x4, conquer Mount Kilimanjaro or learn about wildlife photography.

adventure safaris (guided)

Our Adventure Safaris can be added as an extension to one of our guided small group Discover or Explore Safaris. Our Adventure Safaris has the emphasis on exploring breathtaking destinations in an active manner and may require a certain level of fitness. Our Adventure Safaris are guided small group adventures and may include hiking & trekking, climbing, cycling, biking, kayaking, and/or sailing as part of the itinerary. Our guided small group Adventure Safaris are recommended to groups of friends, families, or independent travellers wanting to experience Africa in an active manner.

discover safaris (guided)

Our Discover Safaris are guided small group Fly in Safaris with scheduled departure dates and our signature Safari Style. Single travellers of the same sex shares accommodation or a single supplement rate is available per request. A Fly in Safari Co. guide accompanies the group and manages the day to day logistics of the tour to ensure a hassle-free safari. Your guide will assist with organizing included and optional activities, transfers, border procedures, money exchanges and providing useful information about the areas you travel through. The group flies from one secluded camp to the next in a light aircraft not carrying more than ten guests, a personalised and exclusive safari experience. Flying low, your guide and pilot will point out fascinating landscapes and answer any questions you might have about the areas you fly over.

family safaris (guided)

Our family safaris are specially designed to accommodate the needs of a typical family; parents, kids (7 years and older), grandparents and even uncles, aunties and cousins can join in on the fun and adventure. Our family safaris make use of child friendly accommodation and included activities are planned with children in mind. Through our family safaris we also aim to educate the family on especially nature and wildlife, making it a fun, adventurous and educational experience. Our family safaris can accommodate any size family.

photography safaris

Our photography safaris are recommended to keen photographers, amateur or experienced, who wishes to learn more about their camera, wildlife photography and wildlife. Whether in an open safari vehicle, on a walking safari or patiently waiting in a photographic hide, a professional guide and wildlife photographer will get you as close to the action as possible and assist you in taking that award winning shot of raw nature at its best, giving you the opportunity to get the most out of your safari pictures.

explore safaris (guided)

Our Explore Safaris are guided small group 4x4 or overland safaris and tours lead by our experienced and passionate crew. Our Explore Safaris go off the beaten track with the emphasis on experiencing African culture, wildlife, landscapes and remote destinations with a professional guide. Accommodation used on our Explore Safaris is a combination of luxury safari lodges, tented camps, and/ or mobile camping. Itineraries may also include light aircraft flying. A professional guide / driver accompanies the group and manages all the tour logistics. The guide looks after the general safety of the group, assists with border crossings, visa's, money exchanges and gives useful information about countries visited, cultures, wildlife, local customs and traditions.

independent safaris

Our Independent Safaris can be added as an extension to one of our guided small group Discover or Explore Safaris. On our Independent Safaris you have the same comforts of a guided tour; safari activities are included, all tour arrangements are taken care of and you have a basic itinerary, but you are not on a schedule with a group and you can spend free time as you please. The Fly in Safari Company takes care of all tour arrangements. At the beginning of the tour each client will receive a basic itinerary with all the pickup times for transfers and activities. Our Independent Safaris are recommended to single travellers, couples, families or friends travelling together as a group.

Adventure Logistics Africa

who we are

Adventure Logistics Africa is a division of the Fly in Safari Company. We are a mobile operations company that specialises in Logistics & Destination Management for gear tests (sporting goods manufacturers), expedition planning & support, location scouting, and support services to film and production companies throughout Southern & East Africa, whether it is in remote locations or in cities. With over 10 years of logistics management experience in southern and east Africa, we have gained a wealth of knowledge, expertise and resources to cater in the most remote destinations and offer logistical support of the highest quality. Our passion, knowledge and expertise of Africa, excellent service and organizational skills are highly visible through the services we offer.

our services

- Logistics & Destination Management
- Film & Production Support Services
- Transport
- Accommodation
- Location Scouting
- Corporate Team Builds & Events
- Gear Tests (Outdoor & Sporting Goods manufacturers)
- Professional Crew
- Catering
- Tours & Safaris
- Expedition Planning & Support

why africa for technical gear tests?

When considering your options for your company's technical gear tests, South Africa can be a very competitive destination as the South African summer falls in the Northern Hemisphere's winter, enabling you to get your gear tested and ready for the next European summer at a very competitive price. South Africa has a great infrastructure and contrary to the media's portrayal is safe to travel around.

Whether you are testing hiking, climbing, fishing or camping gear, we have the right environments and locations for all your needs and do everything from specialised transport to catering in remote areas. We have extensive experience in this field and in remote location management meaning you can focus on productivity while your team are well looked after, ensuring a hassle free gear test.

why us?

The owners of Adventure Logistics Africa have an excellent track record and a flawless reputation when it comes to service levels. We know the ins and outs of southern & east Africa, are well connected in the countries we operate in and have a wealth of experience and knowledge when it comes to logistics & destination management in Africa.
