May is Mothers Month! We want to make you feel like the amazing Mum you are! So can you give up just 1 hour in your day for some "ME" time? Choose from any two of the following to design your perfect pamper pack.

*Manicure Facial*

*Pedicure Relaxation Massage*

## **Cold Feet or Hands? Here is the answer!**

The cold mornings are upon us and unfortunately our hands and feet are the ones that generally feel the cold the most. Not to mention how stiff and painful they can be if you suffer from Arthritis!

Have you tried Paraffin Hand or Foot treatment mask?

**Usually this treatment is \$20 with any Manicure or Pedicure but for May we are offering this Luxurious treatment upgrade for just \$10!**

This warm wax helps to relieve pain & stiffness, increases circulation and nourishes your skin leaving your muscles relaxed and skin smooth and supple.

**Please note during the colder months we want you to feel warm and cosy so our rooms are heated and so are our treatment beds. We will be serving warm herbal tea and every treatment over 1 hour will include a complimentary foot treatment to make those toes nice and toasty!**
