## About Us

Jeanette Thomas Training Academy is the culmination of many years of planning and dreaming for Jeanette Thomas.

Jeanette started her career in the nail industry at the tender age of eighteen when she undertook a nail training course in Brisbane. Jeanette became a passionate nail artist. She absolutely fell in love with her profession. She worked as a nail technician in several hair and beauty salons and also ran a nail business from her home for more than ten years.

Jeanette developed a fabulous reputation within the nail industry. She was always in demand and she forged deep, long-standing friendships with the people she worked with and also with her wonderful clients.

Jeanette, however, was constantly amazed that the nail technicians she met seemed to have had very poor training. In fact, she had taught herself many of the techniques that are used in the JTTA syllabus today. She wanted to pass on her passion and love of the industry – to give others the same opportunities that she had received.

Jeanette decided to embark on a career into the education sector of the beauty industry and became a fully qualified Trainer and Assessor – realising her dream to change the lives of others.

Jeanette was "snapped up" at her very first interview and has worked in several private Beauty Colleges in Brisbane, moulding her students into high quality nail professionals, many of whom have gone on to win National Awards.

To top off her achievements, Jeanette has won many awards in the Open Sections and Master Class at the Australian Professional Nail Championships 2006, 2008, and 2009, with a First Place in Technical Combination (Sculptures/Tip & Overlay); 2<sup>nd</sup> place in Sculptures; 2<sup>nd</sup> Place in Tip and Overlay and 2<sup>nd</sup> Place in French Twist (Nail art).

Jeanette Thomas Training Academy is the evolution of this fabulous woman.

Her ambition to provide top quality, self-paced, no pressure training led her to opening her own Training Academy. Jeanette created a unique on-line learning system; devised an extremely user-friendly web site and launched Jeanette Thomas Training Academy in 2006.

Jeanette had a powerful goal... to continuously provide the most outstanding education available in the industry and, most importantly, to equip each and every student with the skills and knowledge to be the very best in this fabulous industry.

## Products We Use

### OUT THE DOOR Acrylic Sculpting System

This system is developed using the latest in "Cross Linking" Technology, and has been designed to consistently produce thin, strong, natural looking nails.

### INTEGRITY Gel System

This system is a simple one-step application. Comfortable "cool cure" technology, maximum adhesion and durability, all combined to make this line a must-have for today's Nail Professional.

## How it works

First browse our website and take your time to choose a course, you can email us for assistance through our [contact us](#) page if you need it. Once you decide on a course you can enrol on line through our [enrol now](#) page. We will then give you a call to organise a payment plan and send out your information pack which includes:

- Student Handbook
- Paper work (which will need to be sent back to head office)

Once Enrolment is complete and confirmed you will then receive your complete course kit in the mail which will include:

- Student log in details
- Instruction letter and information
- Official paper work (which will need to be sent back to head office before you can begin your course)
- Product Kits
- Text book, Activity Book and Work Experience Log Book

You are now ready to start learning from our website training area, where you will also receive:

- Phone calls with an educator to answer any questions you may have
- Emergency questions via email (allowing a 24hr response time Monday to Thursday and 48hr Friday to Sunday)

Your online learning activities will include:

- Theory power points
- Practical video tutorials, which you can replay over and over for the duration of your course (you will be able to submit photos of your work)

Once you complete your course you will receive a phone call from your educator to organise assessment arrangements.

Hi Kim,

Thank you for your enquiry into Jeanette Thomas Training Academy and the courses we offer!

Our courses were designed to be completed in your home, regardless of where you reside in Australia, and are all self-paced. This means you are able to start your course at any time that suit your lifestyle and personal commitments. **There is no need to attend a classroom!** You choose when, where and how often you study as it is all completed online - in your own time. You will have access to your course 24hrs a day, 7 days a week.

### **Course Outline**

JTTA Nail Technology Courses cover a broad range of activities and skilled applications in Nail Technology. You will learn to select, adapt and transfer a whole range of new skills, provide technical advice and perform problem solving of some complex and non-routine tasks. The design of these courses is to give you the most up-to-date skills, the **Industry Recognised Qualifications** needed for your new career within the Beauty Industry. **These qualifications are recognised worldwide.**

### **Subjects offered by Jeanette Thomas Training Academy**

#### **Theory Subjects**

- \*Nail Science
- \*Communicate in the Workplace
- \*Apply safe Work Practices
- \*Conduct Financial Transactions
- \*House Keeping Duties
- \*Merchandise Beauty Products
- \*Provide Service to Clients
- \*Sell Products and Services
- \*Update Beauty Industry Knowledge
- \*Work effectively in a Retail Environment

#### **Practical Subjects**

- \*Manicure and Pedicure
- \*Acrylic Nail Application
- \*Nail Art
- Electric Filing - optional

Please refer to the website for comprehensive subject content for each course.

### **Student Kit**

A comprehensive, and very generous, product kit is included in the cost of your course. Your product kit contains almost every item that will be required for use during your course. The kit has been designed to last for the duration of your course (with left-over product). However, if you run out of any products you will be required to replenish your kit out of your own pocket.

You are required to provide your own salon furniture (e.g. nail table and chairs) and

disposables (e.g. cotton wool, linen and tissues). Please refer to our website to discover the comprehensive list of kit items that will be sent to you.

All product kits are sent via courier and a paper kit is sent via email. This will include your text books and log in details for your course.

## Course Structure

Our online courses are structured just like an "on-campus" course. All subjects follow a formal pattern and are easy to understand. The best part is... you get to study in your PJ's if you like. Here's how it works!

You will be assigned a unique Student ID and password. These must be used every time you access your course. Your on-line course, except for the first step, is locked. Simply follow your instructions and complete the first step and the second step will be unlocked. Complete the second step and the third step will unlock. This process continues until your course is complete.

With the development of technology, we can now assess your performance and quality via the internet. You will upload digital photos of your completed work onto our site and these will be assessed by our industry qualified trainers.

There are no written exams to take. A Student workbook for each subject is supplied in Hard Copy and is required to be completed by the student. Look upon this as your homework!!

Once all on-line units have been unlocked, workbooks completed and assessments passed, your course will be deemed complete and a Certificate of Completion will be issued to you.

## Course Duration

Like all Industry Recognised Courses, there is a time limit for completion and that varies depending on the course you choose to undertake (please refer to the individual course information for course durations). If, for some reason, you require more time to complete your course, your circumstances will be assessed by the Principle and in most cases, an extension will be granted. In some cases an extra fee will be required.

Please view our course and payment options below and if you are ready to go... you can [enrol online](#). We can have you started within 1-4 weeks of JTTA receiving your payment. This depends on stock availability and transport times. **You could be mobile in your own business within 1-6 months, even working in a salon near you!**

### All courses will include:

- Student log in details
- Step by step instructions and information
- Product kits
- Text Book
- Activity Book

You will then be ready to start learning from our website training area. You will also receive:

- 24hr access to video tutorials, which you can watch repeatedly.
- Phone calls with an educator when needed. You may request these via text message or email.
- Questions via email

## ACRYLIC NAIL ENHANCEMENTS

**Course cost with product kits:** \$1816  
(Includes over \$600 worth of products supplied)  
**Includes:** Acrylic, manicure and pedicure kits  
**Access time:** 26 weeks

You will need to study for 8 hours per week to be able to complete this course. If you study full time (30-40 hours per week) you could complete this course in as little as 5-6 weeks.

**Weekly payment plan option:** \$52 per week for 18 weeks.

▶ **Enrol Now!**

### Course Payment Options

The academy uses 'Voluntary Direct Debit' to make it **incredibly easy** to pay for all courses.

#### For courses, including equipment:

A **deposit of \$880\*** is required to secure your place and allow us to send you the quality kits you require to commence your course selection. You will need to sign a payment plan form agreeing to deposit your enrolment fee and any other further payments as agreed in the time frame.

**\* Are you having trouble getting together your deposit? Great news!! A payment plan is now available for the deposit on your chosen course. Here is how it works:**

1. Simply fill out the enrolment form and submit it to JTTA.
2. We will then send you an invoice for the full amount of the deposit which you will then pay off at \$88 per week over a ten week period, or even more quickly if you so desire.
3. At the end of that time, and when your deposit has been paid in full, you will be sent your kit/s and log in details and you will be on your way!
