IPL photo-rejuvenation

Prices vary depending on treatment from \$135

Our most advanced treatment for hyper pigmentation, lines, broken capillaries, sun damage and acne. Photo-rejuvenation involves a series of light pulses applied to the effected area to oxidize, stimulate and repair the skin with results noticed after just one treatment. We recommend 4-6 treatments depending on severity of the affected area. Ask our friendly staff about a complimentary obligation-free consultation.

microdermabrasion

Micro for short is a non-invasive skin exfoliation technique that focuses on resurfacing and stimulating new cell growth without any downtime. So gentle in fact it can be done in your lunchtime. For best results we recommend a course of 3 or 6 treatments at 2-4week intervals.

Ideal treatment for:

Open pores, ageing, pigmentation, acne scaring, congestion, breakouts, dullness, dryness & stress skin.

Permanent Hair Reduction - Energist Ultra VPL

Pulses of light are released onto the skin and heat the hair. This heat kills actively growing hairs resulting in dramatically less hair after just one treatment. 4-6 treatments are recommended to achieve approx 70% reduction. Results vary between individuals. Ask our friendly staff for a complimentary obligation free consultation. Additional areas by quotation. All prices are "from" more accurate quote can be given during consultation.
