## **1.0 Introduction:**

Glyn Woodford, Managing Director Woodford Electrical, established the business to provide clients with old-fashioned service, quality installation and effective after hour's service.

We want to build lasting relationships with our clients and believe that both parties can gain a Win-Win, in the business relationship. During Glyn's time in the Electrical industry he has fulfilled a number of positions and has extended his knowledge and skills so as to ensure the business is ready to deliver client expectations.

## **1.0 Company Profile:**

### **Glyn Woodford.**

Owner and Director of the business commenced his electrical apprenticeship in 1995 and during and since that time, has undertaken Housing, industrial, commercial and high-rise construction, he has also undertaken tilt-up construction, shop-fitting, delivered servicing, maintenance, repair, alteration and refurbishment type projects for clients.

Recently Glyn was provided the opportunity to lead a team of electrical workers to undertake the installation and commissioning of a fully automated home, including lighting, blind and window control, audio and security installation on a multi-million dollar house being constructed in the foothills of Brisbane.

This new technology required Glyn to gain experience and knowledge in the system and the evidence of that success is the completion of the commissioning and hand-over of the project to the client as per the contract.

Glyn has been mentored and trained by numerous industry leaders and the quality of the completed work reflects the high standards learned during the time he has been employed.

### **Samantha Woodford.**

Samantha, is responsible for administration, communication and co-ordination of the business activities in consultation with Glyn.

### **John Woodford**

John has worked in the Civil and Construction Industry for more than 45 years in positions from senior site and Project Manager to State and National OHSE Manager. His role in the business is to assist the delivery of an effective Occupational, Health, Safety, Environmental and Quality Management System

(OHSEQMS) to assist and drive compliance in the business, and aid in the growth of the business.

The OHSEQMS, as being developed and implemented, is to ensure positive outcomes for the business, suppliers, consultants, workers and clients. As the business grows we need to ensure it is capable of meeting all expectations,

Removes, barriers to success and cements the brand, Woodford Electrical as a key player in the Electrical and construction industries.

#### **7.0 About us**

Glyn has adopted the philosophy that no job is too big or too small.

*"We are small enough to listen to you and big enough to deliver your expectations".*

Woodford Electrical is dedicated and committed to providing superior quality results with a high level of neatness and care.

Glyn has undertaken work for McDonald, 7-11 and shop fitting businesses as well as ground up construction works.

Glyn can provide greater detail on experience if required.

## 8.0 Our Work

***“There is time to do a job properly, and never enough time to do a job twice”***
