LEAKING TAP REPAIRS AND INSTALATION

Leaking taps are not only annoying and a waste of your money, but just one leaking tap can waste between 30 and 200 litres a day! Luckily with general maintenance this can be avoided and can also normally be easily repaired.

Cheap N Reliable Plumbing is able to install and repair all types of Australian standard taps, shower heads, bath taps, laundry taps, kitchen taps, flick mixer taps and garden taps. We are happy to supply and install your replacement fittings and recommend quality durable brands.

AFFORDABLE FRIENDLY PLUMBERS

If you have a leak or just having difficulty turning on or off one of your water appliances then you have come to the right place. Our professional and friendly service will insure a quality fix using the latest technologies the first time every time.

In the event of a tap washer break which can easily happen at any time then you may not be able to turn your tap off which can result in the need for an emergency fix, first step is to turn the water off at the mains and then give us a call and we will quickly respond to the problem.

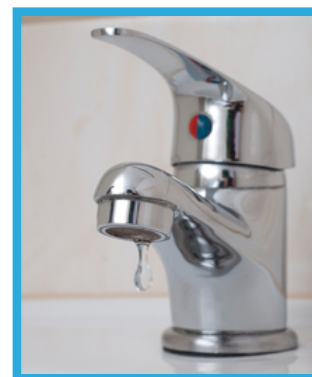

CONTACT US NOW!

We can be contacted 24 hours a day on 9877 7144 or you can email us on the [contact page](#) and we will get back to you as soon as we can.
