
Muru Office Supplies (MOS)

Company Capability Profile

Muru Office Supplies (MOS) is the only National Australian owned Indigenous workplace supplies provider in the country. Established in 2014 by founder and current CEO, Mitchell Ross, MOS leverages off a joint venture partnership with Complete Office Supplies Pty Ltd (COS) which is Australia's largest privately owned national work place supplies provider which operates a national network of sales offices, customer service and distribution centres across nine (9) strategic locations throughout Australia.

With a growing product range of 20,000+ lines, MOS can offer a single supply solution for all your:

- Office products
- Copy paper
- Janitorial
- Kitchen & Canteen
- Furniture
- Computer Consumables
- Print and promotional needs
- Sustainable and Supply Nation certified products

MOS can draw on a wealth of experience servicing the needs of the corporate sector along with three tiers of Australian Government. All our customers have access to competitive market pricing, integrated back office solutions and dedicated account management. We have a solid track record of servicing the needs of customers with a large geographical spread and multiple cost centres. As technology leaders we have developed an award winning online ordering system, which allows user-friendly and efficient ordering, along with customisation and cost management control.

What truly sets MOS apart is our commitment to giving back to the community, with owner & CEO Mitchell Ross being directly involved with many projects conducted through northern Queensland & various parts of NSW. Some of our milestone projects include IT development & training conducted in Northern Queensland which has the potential to open up new opportunities & furthering IT literacy rates amongst remote Indigenous communities.

By choosing to work with MOS you are not only guaranteed a world class end to end supply solution for your work place supplies needs but also the opportunity to give back to the various Indigenous communities touched by MOS.
