

# Inter Intra

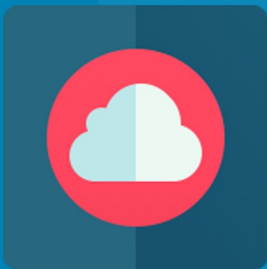

One of Adelaide's leading Information and Communication Technology (ICT) Consultancies

Established in 2006, Inter Intra specialises in providing ICT consulting, implementation and support services for on-site and cloud-based infrastructure.

- Strategic alliances with industry leaders including, Amazon, Google and Microsoft ensures that we are able to provide our clients **the best possible service.**
- Our solutions are compatible for a wide range of industries, having previously worked with a variety of corporate clients as well as not-for-profits.

At Inter Intra, we believe that a seamlessly functioning IT network is a fundamental aspect for aspiring businesses, and that's exactly what we provide.
